A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it pro-duces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never

had the disease.

Fover and Ague is not alone the consequence the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asth-ma, Palpitation, Paintul Affection of the Splem, Hysteries, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, but on the intermittent type, or become periodal. This "Cone" expel the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily siding in the malarious districts. If taken cosionally or daily while exposed to the inrection, that will be exercted from the system, and cannot meanwalete by affecting quantity to vipen into discuse. Hence it is even more valuable for protection than care and few will ever suffer from Intermittents, if they avail themselves of the protection thus remedy affords.
